

**REPORT OF THE
FINANCE COMMITTEE OF THE
BOARD OF DIRECTORS OF THE
COOK COUNTY HEALTH AND HOSPITALS SYSTEM**

AUGUST 4, 2008

ATTENDANCE

Present: Chairman David Carvalho, Chairman of the Board Warren L. Batts and Directors Quin R. Golden; Benn Greenspan, PhD, MPH, FACHE; Luis Muñoz, MD, MPH; Heather O'Donnell, JD, LLM (6)

Absent: Director Jorge Ramirez (1)

Also Present: Director Jerry Butler; Pitt Calkin – Interim Chief Financial Officer, Cook County Bureau of Health Services; Deborah Santana – Office of the Secretary to the Board of Commissioners of Cook County; Leslie Duffy – Director of Procurement, Cook County Bureau of Health Services; Patrick T. Driscoll, Jr. – Deputy State's Attorney, Chief, Civil Actions Bureau, Office of the State's Attorney; Jarese Wilson – Director, Cook County Department of Budget and Management, Carmen Triche-Colvin – Cook County Purchasing Agent, Robert Wright – Executive Project Director, MedAssets; Gretchen Ryan – Project Manager, MedAssets; Dan James – President, Performance Measures and Management, MedAssets

Ladies and Gentlemen:

Your Finance Committee of the Board of Directors of the Cook County Health and Hospitals System met pursuant to notice on Monday, August 4, 2008 at the hour of 10:00 A.M. at 1900 West Polk Street, Second Floor, in Chicago, Illinois.

Your Finance Committee has considered the following items and upon adoption of this report, the recommendations follow.

Roll Call

Deborah Santana, of the Office of the Secretary to the Board, called the roll of members, and it was determined that a quorum was present.

Discussion of May Financials

Mr. Pitt Calkin, Interim Chief Financial Officer of the Cook County Bureau of Health Services appeared before the Committee, and presented information in the form of a PowerPoint presentation. (See Attachment #1.)

**REPORT OF THE FINANCE COMMITTEE OF THE BOARD OF DIRECTORS OF THE
COOK COUNTY HEALTH AND HOSPITALS SYSTEM
AUGUST 4, 2008
PAGE 2**

Chairman Carvalho inquired as to why health care and pension figures are included in the data presented, as they are not the System's responsibility.

Mr. Calkin replied that he is utilizing GAAP accounting principals rather than Governmental accounting principals.

Director Greenspan inquired as to what "40%" refers to.

Mr. Calkin replied that this figure is applied to the cash number that the County has given the Bureau for the first six months. He estimated that the Bureau is about three and one half months behind on invoices, which represents 40%. It is the lag number, which accounts for that fact that some of the cash payouts are actually from a prior period.

Director Greenspan inquired whether this lag time is typical.

Mr. Calkin replied in the affirmative, however, he noted that it is just a little higher than usual.

Director Greenspan inquired as to what portion of total operating expense supplies and services should be.

Mr. Calkin replied that he is not comfortable yet supplying this figure. For a public hospital, however, he would expect that figure to be in the 21% to 23% range.

Chairman Carvalho stated that in the past, the IGT amount came to the County and the County allocated only a portion to the Health System. He asked whether this was still the case.

Mr. Calkin responded that he would have to get back to the Chairman on this issue.

Director O'Donnell inquired whether low tax intake due to the economy is going to affect what is distributed to the System.

Mr. Calkin stated that he would check on this.

Director Greenspan inquired why, if the IGT is presented here as a fixed amount, is the System behind budget on that item?

Mr. Calkin replied that \$138 million was budgeted for the IGT, and he is not sure why the System is coming up short \$15 million.

Director Butler inquired as to whether the sales tax is computed at the old or new rate.

Mr. Calkin agreed that he would get back to the Committee with the answer.

Chairman Carvalho inquired as to how the expenses per unit compared to other hospitals.

Mr. Calkin stated that he will bring those financials to next month's meeting. He will make the comparison with public hospitals nationally and will include some trending as well.

**REPORT OF THE FINANCE COMMITTEE OF THE BOARD OF DIRECTORS OF THE
COOK COUNTY HEALTH AND HOSPITALS SYSTEM
AUGUST 4, 2008
PAGE 3**

Director Greenspan stated that it is possible to put a local market number to this as well.

Mr. Calkin stated that he will also get the information about hospitals in the Chicago area.

Chairman Carvalho stated that the Committee would be looking for this type of information on a monthly basis, and that the members should let Mr. Calkin know if he is going in the right direction with the information he is providing.

Director O'Donnell inquired as to why the patient fee revenue is down so much since MedAssets will be improving the revenue cycle.

Mr. Calkin replied that the \$310 million projected for 2008 will probably come in at \$270 million, because of the reduction in Medicaid patients and the increase in self-pay. The Bureau added \$20 million to the projection due to the MedAssets project that is ongoing.

Mr. Small noted that this is a preliminary snapshot; almost every item, except for IGT and BIPA, is preliminary and has a number of variables to it.

Chairman Carvalho added that the Board would soon need to see multi-year projections. He asked whether BIPA and IGT would continue to drop.

Mr. Small responded that he expected that they would continue to drop.

Chairman Carvalho noted that following contract negotiations it should be expected that overtime will drop after a certain amount of time, as increased wages allows positions to be filled and overtime to be reduced. He urged that management stay on top of this, inasmuch as wringing overtime out of the system is often difficult.

Chairman Carvalho cautioned that many of the performance indicators are based on medical coding data whose accuracy may be suspect, since the System has been chronically understaffed in this area. He added that inter-facility and service area financial comparisons are also difficult, since the Medicaid revenues per procedure do not vary according to diagnosis code or facility. He suggested that Mr. Calkin drop a lot of footnotes on these data.

Mr. Calkin agreed to footnote the data as noted.

Budget Update

(See Attachment #2.)

Ms. Jarese Wilson, Director of the Cook County Department of Budget and Management, presented a brief overview of how the budget process operates.

Chairman Carvalho inquired whether the System's FY09 budget is not already under-funded by \$55 million, given projected cost increases and revenue decreases.

**REPORT OF THE FINANCE COMMITTEE OF THE BOARD OF DIRECTORS OF THE
COOK COUNTY HEALTH AND HOSPITALS SYSTEM
AUGUST 4, 2008
PAGE 4**

Ms. Wilson replied in the affirmative, and stated that this is why there is an opportunity to work together to get at least a 90% number in place going into 2009 as the System Board is finalizing multi-year budgets for the future.

Chairman Carvalho inquired whether the Committee was expected to cut the budget by \$35 million to bring it to last year's appropriation.

Ms. Wilson replied that she would work with the Directors to get the budget in balance, and that the Finance Director, Mr. Calkin, Mr. Small, the County's Chief Financial Officer Donna Dunnings, and she can work together. Once a decision is made together, the number will be the President's recommendation to the Commissioners and then at that time a debate will happen.

Director O'Donnell inquired as to the deadline for the Board to submit to the President.

Ms. Wilson replied that August 19 and August 20 are slated for the Bureau hearing.

Mr. Small stated that before this time, the Board and management need to meet to determine the budget.

Ms. Wilson stated that she would like to have an agreed-upon number by the first or second week in September.

Chairman Carvalho stated that this deadline presents a dilemma, given that there will only be time for two meetings before then, and the System just acquired its interim Chief Financial Officer three weeks ago and has yet to acquire an interim Chief Executive Officer. Furthermore, a budget reflects strategic priorities, and the System is just beginning to establish what its priorities are.

Chairman Carvalho inquired as to how much of the 2007 Budget cuts were restored in 2008.

Ms. Wilson replied that all but approximately \$12 million were restored.

Chairman Carvalho stated that a status quo budget would prevent the System from competing for necessary funds with other County entities that might wish to make claim on the new County resources from the sales tax increase. He further stated that restoring some of the programs that directly affect patients should be a priority.

Director O'Donnell noted that the 2009 budget is based on the 2008 appropriations, not actual expenditures.

Chairman Carvalho requested that a menu be created of the programs that have been cut for potential restorations.

Director O'Donnell inquired as to which 2007 cuts were restored in fiscal year 2008.

Mr. Small replied that zero were restored. He believed that 2008 will look a lot like 2007 in terms of services performed and expenditures and revenues generated. He stated that management would be happy to bring recommendations on adjustments from 2008 to 2009, including what the priority programs would be, and which programs were cut out.

**REPORT OF THE FINANCE COMMITTEE OF THE BOARD OF DIRECTORS OF THE
COOK COUNTY HEALTH AND HOSPITALS SYSTEM
AUGUST 4, 2008
PAGE 5**

Chairman Carvalho emphasized that there are certain functions that must be in the budget, including a corporate compliance function and an internal audit function.

Contract and Procurement Approvals*

*Additional information pertaining to these items is included in Attachment #3.

PERMISSION TO ADVERTISE – APPROVED

Environmental health inspection management system and integrated web-based document management system; and
Civil engineering and other engineering consultant services.

REQUEST TO REBID – APPROVED

Paper (recycled, processed and chlorine-free);
Blood bank reagents;
On-site and telephonic language interpretation services; and
BD Directigen EZ RSV Test Kits.

BID AWARD RECOMMENDATIONS – APPROVED AS AMENDED

Maintenance, testing and repair of fire alarm system and Honeywell HVAC and security system, to:

Divane Electric Company	\$211,985.00
-------------------------	--------------

Certified Nurse Anesthetist (CRNA) staffing services, to:

Medical Staffing Network d/b/a Saber Salisbury Group	\$144,000.00
---	--------------

Plumbing supplies (pipe, clevis hangers, friction clamps), to:

Johnson Pipe & Supply Co.	\$126,624.89
---------------------------	--------------

Installation of owners insulation, to:

Early Insulation, Inc.	\$45,400.00
------------------------	-------------

Stretchers (big wheel transport, Stryker Model 1015), to:

Northwestern Pharmaceutical Supply Corporation	\$70,470.00
--	-------------

Exterminating and pest control services, to:

Rose Pest	\$67,200.00
-----------	-------------

Semi-porous pillows, to:

Progressive Industries (base bid)	\$125,236.80
-----------------------------------	--------------

**REPORT OF THE FINANCE COMMITTEE OF THE BOARD OF DIRECTORS OF THE
COOK COUNTY HEALTH AND HOSPITALS SYSTEM
AUGUST 4, 2008

Reagents and equipment, to:		
Beckman Coulter, Inc.		\$255,288.00
Reagents for samples of HIV and Leukemia, to:		
Beckman Coulter, Inc.		\$1,518,689.00
Shredding services, to:		
Acme Document Destruction Company		\$22,176.00
Diagnostic catheters with pre-curved design, to:		
Pro Medical Equipment and Supplies, Inc.		\$64,350.00
Transcription Services		
M3 Medical Management Services		\$1,063,000.00
Core Biopsy Needles		
Bioelectronic Engineering and Medical Supplies (B.E.A.M.S.)		\$17,860.00

PROPOSED CONTRACTS – APPROVED AS AMENDED

William L. Riles, M.D.	\$45,980.00 (based upon unit price of \$104.50/hr.)
------------------------	--

To provide gastroenterology, endoscopy and consulting services.

Parata Systems, LLC	\$983,955.00
---------------------	--------------

For purchase of equipment and software upgrades, with trade-in of obsolete equipment and five year maintenance agreement for the existing equipment, the software and equipment upgrades for the two (2) Pharmacy 2000 workflow management systems with 24 workstations and the 4 Autoscript robotic prescription delivery systems owned by Stroger Hospital and Fantus Health

<u>Beckman Coulter, Inc.</u>	<u>\$255,288.00</u>
------------------------------	---------------------

To provide reagents and equipment

<u>Beckman Coulter, Inc.</u>	<u>\$1,518,689.00</u>
------------------------------	-----------------------

To provide reagents for samples of HIV and Leukemia

APPROVAL OF PAYMENT - WITHDRAWN

Respiratory Health Association of Metropolitan Chicago	\$746,263.00
--	--------------

Director Muñoz, seconded by Director O'Donnell, moved to approve the Contract and Procurement Approvals.

Director Golden inquired as to the MBE/MWE requirements and processes.

Chairman Carvalho and Mr. Small presented an overview of this process.

Leslie Duffy, Director of Procurement of the Health System, introduced Carmen Triche-Colvin, Cook County Purchasing Agent, who presented an overview of requests to rebid and the circumstances that led to these requests to rebid.

Chairman Carvalho stated that it is important to get the contracts bid correctly to begin with, so that you do not have a "boomerang" effect, whereby you have to extend emergency purchases and contracts at less than favorable circumstances.

Additional information was requested and received regarding the Contract and Procurement Approvals items. (See Attachment #3.)

Chairman Carvalho stated that Director Greenspan, before he had to leave, left several comments. First, he would, in the future, like to see a cost per unit comparison to the previous contract and he wanted to make sure that it was noted whether it was a competitive bid. (Chairman Carvalho noted that the backup would answer this question.) Additionally, Director Greenspan asked why the Board is seeing items of \$17,000.00 or \$20,000.00. (Chairman Carvalho stated that is because the current ordinance has it that way; the Board ought to consider whether going forward we would like to change that.)

Director Golden stated that the length of the contract should always be included.

Mr. Small stated the errata, which included the following:

Under Bid Award Recommendations, the item for reagents and equipment in the amount of \$255,288.00; and the item for reagents for samples of HIV and Leukemia in the amount of \$1,518,689.00 should be listed in the Proposed Contracts section, as they are both requests to enter into contracts with Beckman Coulter, Inc. for sole source supplies.

The Approval of Payment to Respiratory Health Association of Metropolitan Chicago in the amount of \$746,263.00 is being WITHDRAWN.

Director Muñoz, seconded by Director O'Donnell, moved to amend the motion to reflect the errata as stated by Mr. Small. THE MOTION CARRIED UNANIMOUSLY.

On the motion to approve as amended, a voice vote was taken and THE MOTION CARRIED UNANIMOUSLY.

MedAssets Update

Mr. Small introduced Mr. Robert Wright, Ms. Gretchen Ryan, and Mr. Dan James of MedAssets, who gave a PowerPoint presentation to the Committee.

(See Attachment #4.)

Director O'Donnell inquired as to whether the functions are being staffed by MedAssets personnel or whether Bureau personnel are being utilized. Additionally, she asked whether the County would outsource these functions in three years.

Mr. Wright responded that there are many vacant positions; staff is not being displaced. MedAssets will re-immersion the staff in tools they have, and bring more tools to bear on the process.

Director Golden inquired how many full time employees this will affect, and whether there are executive sponsors for each of the areas.

Ms. Ryan replied that they have established a revenue cycle committee with executive oversight; the people responsible for that are Mr. Small, Mr. Wright, herself, Judy Pinello (head of IS) and, from the County, the County's Chief Information Officer and the County's Chief Financial Officer. Additionally, they are establishing a number of committees and worksites. There are not directors at every facility, but they are trying to get people around that level to work at every facility.

Director O'Donnell inquired whether the County at present has enough positions to accomplish the revenue collection.

Mr. Wright replied that there are enough positions, but that not enough of them are currently filled. They are augmenting this number with MedAssets staff, as well as resources from their minority-enterprise partners. He stated that he will come back to the Committee with exact numbers at a later date.

Director O'Donnell inquired whether there is a system that MedAssets or the County is going to put in place to make sure the appropriate data are collected.

Ms. Ryan replied that this information is already available in the clinical portion, but there is no pathway for it to be pulled out in the claims area. Now, MedAssets has to work with Information Technology to build this pathway.

Director Golden inquired whether we have implemented electronic medical records at Provident and Oak Forest Hospitals and whether this will be an item that needs to be added to the budget for 2009 so that there can be System-wide interface between Siemens and Cerner.

Mr. Wright replied that he was not sure. However, some of these issues are not technical issues; they are people and process issues.

Director Muñoz inquired whether, because the Cerner system can handle from front to end, perhaps a hybridized system is not the correct way to go. Both the University of Illinois and Northwestern use a Cerner system.

Mr. Wright replied that when the admission/discharge functionality exists in a system other than the patient accounting enterprise, it is problematic.

**REPORT OF THE FINANCE COMMITTEE OF THE BOARD OF DIRECTORS OF THE
COOK COUNTY HEALTH AND HOSPITALS SYSTEM
AUGUST 4, 2008
PAGE 9**

Chairman Carvalho inquired whether provisions have been made to handle the larger number of bill inquiries from patients that will occur if an increased number of bills are sent out.

Mr. Wright replied in the affirmative.

Director Golden inquired whether MedAssets is surveying patient satisfaction.

Mr. Wright replied in the negative; this is very important, but they are not there yet.

Director O'Donnell inquired as to what is the Bureau's Limit on Liability policy.

Mr. Small replied that this went through significant re-engineering this past year. He stated that he would be happy to provide this information to the Committee, including the sliding scale.

Director O'Donnell inquired as to whether the Limit on Liability policy has been cost-effective. Additionally, she inquired into its administrative costs and whether the revenue collected offset these costs.

Mr. Small offered to provide some estimate of that. From his perspective, by offering service with a smaller staff, shortcuts were taken and the overwhelming majority of the patients in the self-pay category were defaulted to 100% discount without any effort to verify their eligibility; eligibility was well-known to be merely a declaratory process.

Chairman Carvalho stated that this existing policy may need to be revisited.

Director O'Donnell inquired as to how MedAssets will interact with other vendors, and what other vendors are responsible for.

Mr. Small replied that MedAssets will be reviewing this and make recommendations as to vendor responsibilities to the Revenue Cycle Committee. Some contracts may be cancelled or renegotiated.

Proposed Monthly Close Schedule

(See Attachment #5.)
Deferred.

Update on Procurement Policy

(See Attachment #6 – no pre-distributed materials for this item.)
Deferred.

Cost Report Update

(See Attachment #7.)
Deferred.

Dash Boards

(See Attachment #8.)
Deferred.

Information Systems Update

(See Attachment #9 - no pre-distributed materials for this item.)
Deferred.

Discussion of the following:
Interim Chief Financial Officer for Stroger Hospital
Permanent Chief Financial Officer for Stroger Hospital

(See Attachment #10 – no pre-distributed materials for this item.)
Deferred.

Chairman Carvalho set the next meeting for August 18, 2008 at 10:00 A.M.

Adjournment

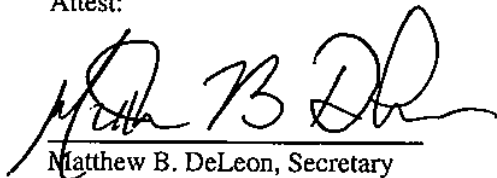

Director Muñoz, seconded by Director O'Donnell, moved to adjourn. THE MOTION
CARRIED UNANIMOUSLY AND THE MEETING WAS ADJOURNED.

Respectfully submitted,
Finance Committee of the
Board of Directors of the
Cook County Health and Hospitals System

Mr. David Carvalho, Chairman

Attest:

Matthew B. DeLeon, Secretary

Attachment 1

Cook County Health and Hospitals System

Income Statement for the Six Months Ended
May 31, 2008

As of July 30, 2008

Summary

The financial results of operations through the first six months of the fiscal year continue to be more favorable than planned in the original budget. The favorable performance is due to the lower than expected expenses.

Expenses for all three of the hub facilities on a year to date basis are 11.7% below the budget for expenses. This favorable level of expenses is somewhat offset by a short fall in patient fee revenue of 15.8% and a decline in the Inter-Governmental Transfer from the State of Illinois. The decline in the IGT is expected to be a total of \$15,000,000 for the fiscal year and the May income statement reflects one half of that decline.

Operating Revenue

The System continues to try to improve the level of collections from patient fee revenue. The System has engaged a revenue cycle vendor to engage in this process. The revenue cycle vendor has begun its work in June and expects to provide an over-all plan for improvement early in its engagement.

The present collection rates suggest that the System will be approximately \$41,000,000 below the Budget by the end of the fiscal year. The primary reason for the decline in expected patient fee revenue through the first portion of the year has been the increase in self pay patients and the decline in Medicaid patients. The volume of services is above the budget for most types of service. The payer mix estimates for June indicate that the decline in Medicaid and growth in self pay are beginning to return to more favorable levels.

Operating Expenses

The year to date level of expenses at all three hub facilities is below the approved budget as of the end of May. The System expenses for Supplies, Purchased Services, and Utilities are significantly below the Budget. Salaries and Wages are also below the budget by a smaller margin. Estimates for System are being used to try to present an accurate comparison to the budget. The System is able through the payroll system to provide accurate measurements of expense performance. There is an on-going effort to improve the accuracy of the estimates for the balance of the expenses of the System.

Year to Date Expenses per Adjusted Patient Day

A comparison of expenses per unit of service at each of the three hub facilities is as follows:

Category	Stroger	Oak Forest	Provident
Salaries and Wages	1,832.10	1,850.95	1,894.24
Benefits	701.53	736.61	712.97
Supplies	415.38	303.17	329.54
Purchased Services	380.96	245.91	418.89
Depreciation	207.35	136.79	107.17
Utilities	54.02	67.18	48.30
County services	16.05	16.48	80.85
Total	3,607.39	3,357.09	3,591.96

Non Operating Revenue

Non Operating Revenue is reported on a cash basis. The information is obtained from the County Comptroller's office. At the end of May Non Operating Revenue was below the budget by 14.2% or \$37,998,836. It is expected that the collections of taxes will improve by the end of the fiscal year.

COOK COUNTY BUDGET CALENDAR*

DECEMBER	The Annual Appropriation Bill is implemented on December 1, the beginning of the County's Fiscal Year.
JANUARY & FEBRUARY	County Departments review the Appropriation Bill to determine progress toward goals and objectives and identify what adjustments are necessary to improve effectiveness and performance.
MARCH	Expenditures for various programs are reviewed to evaluate cost for levels of service and resource allocation.
APRIL & MAY	Departments review performance and complete the first set of internal analyses to determine the next year's budget requirements.
JUNE	Budget request materials are sent to departments with the Fiscal Policy of the President addressing matters of performance, expenditure control and plans for the next budget year. The departments specifically summarize issues, identify appropriate funding and justify staffing requests. Upon approval of the Chairman of Finance, a Transfer of Funds meeting is conducted to consider department requests to transfer funds between accounts to compensate for unanticipated expenditures.
JULY & AUGUST	Budget requests are submitted from all departments to the Department of Budget and Management Services where budget review procedures are implemented for each County program and each budget request is analyzed.
AUGUST	Budget requests are reviewed by the Chief Financial Officer and staff to assure compliance with instructions, procedures and policies in preparation for executive budget hearings.
SEPTEMBER & OCTOBER	The President conducts executive budget hearings with departments as required. Appropriation requests are reviewed to assure that matters relating to the County's current and future missions and mandates are addressed. During this process, the department may discuss any problems and clarify areas of fiscal concern. The President's Budget Recommendation is submitted to the Committee on Finance of Cook County who may question County executives and others regarding the appropriateness and fiscal impact of each department request.
NOVEMBER & DECEMBER	The proposed budget is made available for public review at various locations throughout the County. Public hearings are conducted during which the Committee on Finance considers testimony from service providers, program staff, and the general public. After the hearings have been completed, and any amendments inserted, the Board of Commissioners approves and adopts the Appropriation Bill, which authorizes funding and staffing levels for each department.

* All dates are contingent upon the presentation date and passage of the Annual Appropriation Bill.

Back-up information for Item #3 – Contract and Procurement Approvals

Finance Committee Meeting of 8/4/08

Permission to Advertise

Request authorization to bid environmental health inspection management system and integrated web-based, document management system. Contract period: 9/1/2008 to 11/30/2009.

Request authorization to bid to provide civil engineering and other engineering consultant services. Contract period: 9/1/2008 to 11/30/2009.

Request to Rebid

Request to rebid paper (recycled, processed and chlorine-free). Awarded bidder did not meet MBE/WBE guidelines.

Request to rebid blood bank reagents. Bioelectronic Engineering and Medical Supplies (B.E.A.M.S.) did not meet MBE/WBE guidelines.

Request to rebid on-site and telephonic language interpretation services. Worldwide Interpreters, Inc. did not meet specifications and Language Line Services did not meet MBE/WBE guidelines.

Request to rebid BD Directigen EZ RSV Test Kits. Fisher Scientific Company, LLC did not meet MBE/WBE guidelines.

Bid Award Recommendations

Maintenance, testing and repair of fire alarm system and Honeywell HVAC and security system, to: Divane Electric Company	\$211,985.00
Certified Nurse Anesthetist (CRNA) staffing services, to: Medical Staffing Network d/b/a Saber Salisbury Group	\$144,000.00
Plumbing supplies (pipe, clevis hangers, friction clamps), to: Johnson Pipe & Supply Co.	\$126,624.89
Installation of owners insulation, to: Early Insulation, Inc.	\$45,400.00
Stretchers (big wheel transport, Stryker Model 1015), to: Northwestern Pharmaceutical Supply Corporation	\$70,470.00
Exterminating and pest control services, to: Rose Pest	\$67,200.00

Semi-porous pillows, to: Progressive Industries (base bid)	\$125,236.80
Reagents and equipment, to: Beckman Coulter, Inc.	\$255,288.00
Reagents for samples of HIV and Leukemia, to: Beckman Coulter, Inc.	\$1,518,689.00*
*Based on the monthly volume of \$42,185.80	
Shredding services, to: Acme Document Destruction Company	\$22,176.00
Diagnostic catheters with pre-curved design, to: Pro Medical Equipment and Supplies, Inc.	\$64,350.00
Transcription services, to: M3 Medical Management Services	\$1,063,000.00
Core biopsy needles, to: Bioelectronic Engineering and Medical Supplies (B.E.A.M.S.)	\$17,860.00

Proposed Contracts

William L. Riles, M.D.

Permission to enter into and execute an emergency contract with William L. Riles, M.D., Chicago, Illinois for gastroenterology, endoscopy and consulting services to cover clinical duties. A Request for Proposal (RFP) was issued and Dr. Riles met all of the requirements set forth in the RFP.

Estimated Fiscal Impact: \$45,980.00 (based upon unit price of \$104.50/hr.). Contract Period: August 18, 2008 through October 24, 2008.

Parata Systems, LLC

Permission to enter into a contract with Parata Systems, LLC to purchase equipment and software upgrades, with trade-in of obsolete equipment and five year maintenance agreement for the existing equipment, the software and equipment upgrades for the two (2) Pharmacy 2000 workflow management systems with 24 workstations and the 4 Autoscript robotic prescription delivery systems owned by Stroger Hospital and Fantus Health; one time capital equipment purchase. Estimated Fiscal Impact: \$983,955.00.

Approval of Payment

Request for payment for the Smoke Free Lung Health Programs authorized by the County Board 3/18/2008; payable to the Respiratory Health Association of Metropolitan Chicago in the amount of \$746,263.00.

1
Cook County Health and Hospitals System

Contract Item for Board Approval

Date: July 29, 2008
Sponsor: Sylvia Edwards, R.N., M.B.A.
Chief Operating Officer
Operating Unit: Oak Forest Hospital of Cook County

Description of Service:

This contract, 08-84-2043, is for the purchase of Specialty Paper for use in the Print Shop for various forms and publications.

Justification for this contract:

A request for bid proposals was initiated, bid proposals evaluated by the user department/service. Bren Products Co.'s non-recycled, recycled and recycled/processed chlorine-free was the lowest bidder meeting specifications.

The apparent low bidder, Lewis Paper, recycled, recycled/processed chlorine-free and non-recycled bid, did not meet specifications in that they bid a partial bid and not a complete bid as called for in the specifications.

In that Contract Compliance has advised that Bren Products, non-recycled, recycled and recycled/ processed chlorine-free bid were not responsive to the Minority and Women-Owned Business Ordinance, we respectfully request that it is in the best interest of Cook County that this transaction be cancelled and rebid.

Cost of the contract and terms:

This is a one year, requirements contract to commence upon award. The total anticipated cost of the contract is \$46,950.

Budget information: The cost for this contract will be provided for within the current operating budget for Oak Forest Hospital of Cook County, Account 355.

Signatures:

**Cook County Health and Hospitals System
Finance Committee
Contract Item for Board Approval, August 4, 2008**

Sponsor: Johnny C. Brown, Chief Operating Officer,

Operating Unit: John H. Stroger, Jr. Hospital of Cook County

Description of Service:

Authorization is requested to enter into a contract with Beckman Coulter, Inc., Brea, California, for the purchase of reagents and supplies for hematology analyzers (LH And GENS Series) and the automated slide makers/stainers manufactured and provided by Beckman Coulter, Inc. for the Department of Pathology, Division of Hematopathology.

Justification for this contract:

Beckman Coulter, Inc. is the only known manufacturer and distributor of reagents and equipment that has technology which is FDA approved to perform automated body fluid analysis on a stat basis for trauma patients. In addition, it has an automated integrated slide maker/stainer that enhances the accuracy for complete blood counts and prepares slides from a single blood sample. The hospital is submitting this item early because of the length of time required by the contractor to negotiate the contract terms and conditions with the Office of the State's Attorney, prior to final execution by the Board of Directors

Cost of the contract and terms:

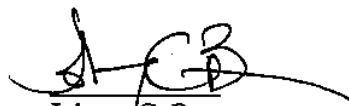

This is a one-year contract to commence on December 1, 2008 and end on November 30, 2009. The total anticipated cost of the contract is \$255,288.00, based upon the unit price of \$1.00 cost per reportable test result for each complete blood count (CBC) which includes controls, calibrators, reagents and consumables and the anticipated volume of 231,680.00; the unit price of \$1.50 cost per reportable for each reticulocyte test with an anticipated volume of 3695; and approximately \$18,065.00 for slides, labels and ribbons.

Budget information:

The cost for this contract will be within the operating budget of 2009 for Clinical, and Laboratory Supplies (897-365 Account). Requisition No. 98970002.

**Cook County Health and Hospitals System
Finance Committee
Contract Item for Board Approval, August 4, 2008**

Sponsor: Johnny C. Brown, Chief Operating Officer,
Operating Unit: John H. Stroger, Jr. Hospital of Cook County

Description of Service:

Authorization is requested to enter into a contract with Beckman Coulter, Inc., Brea, California, for the purchase of reagents and supplies with vendor provided three (3) analytic flow cytometer systems, one (1) robotic sampler and one (1) TQ Preparation Workstation for determination of Human Immunodeficiency Virus (HIV) and Leukemia/Lymphoma profiles for the Department of Pathology, Division of Flow Cytometry.

Justification for this contract:

Beckman Coulter, Inc. is the only known manufacturer and distributor of reagents and equipment that has technology to process large volume patients' samples with minimal downtime for determination of human immunodeficiency virus (HIV) and leukemia/lymphoma profiles. Stroger Hospital will become the central laboratory for this testing procedures for Provident Hospital, Oak Forest Hospital and the clinics, as the laboratories are consolidated. Performing these services off-site at an estimated fiscal impact of \$2,400,000.00 would yield an estimated net saving of \$485,000.00. These tests monitor patient response to treatment protocols.

Cost of the contract and terms:

This is a three-year contract to commence on September 1, 2008 and end on August 30, 2011. The total anticipated cost of the contract is \$1,518,689.00, and is based upon the monthly volume of \$42,185.80 per month that includes controls, calibrators, reagents and consumables to perform HIV and leukemia/lymphoma profiles. FY 2008: \$126,557.41; FY 2009: \$506,229.66; FY 2010: \$506,229.66 and FY 2011: \$337,486.40.

Budget information:

The cost for this contract will be within the operating budget of 2008 and future year's funds for Clinical and Laboratory Supplies (897-365 Account). Requisition No. 88970536.

**Cook County Health and Hospitals System
Finance Committee
Contract Item for Board Approval, August 4, 2008**

Sponsor: Johnny C. Brown, Chief Operating Officer,

Operating Unit: John H. Stroger, Jr. Hospital of Cook County

Description of Service:

Authorization is requested to enter into and execute an emergency contract with William L. Riles, M.D., Chicago, Illinois for gastroenterology, endoscopy and consulting services to cover the clinical duties of an Attending Physician for the Department of Gastroenterology Medicine at the John H. Stroger, Jr. Hospital of Cook County.

Justification for this contract:

A Request for Proposals (RFP) was issued and William L. Riles, M.D. met all the requirements set forth in the RFP. The need to recruit on an interim basis is required until a full-time physician can be recruited, since another Gastroenterologist retired, resulting in a shortage of coverage. This arrangement would allow physician coverage to meet the volume of patient requests for Gastroenterology services.

Cost of the contract and terms:

The period is from August 18, 2008 through October 24, 2008. The total anticipated cost of the contract is \$45,980.00, and is based upon the unit price of \$104.50 per hour and the anticipated volume of 440 hours (which includes Monday through Friday work period with no holiday benefits).

Budget information:

The cost for this contract will be within the operating budget of 2008 funds for Medical Consulting Services (897-272 Account). Requisition No. 88970537.

Cook County Health and Hospitals System
Finance Committee
Contract Item for Board Approval, August 4, 2008

Sponsor: David R. Small, F.A.C.H.E. Chief Operating Officer

Operating Unit: Bureau of Health Services of Cook County

Description of Service:

Authorization is requested to enter into a contract with Parata Systems, LLC, Durham, North Carolina, to purchase equipment and software upgrades, with trade-in of obsolete equipment, and a five-year maintenance agreement for the existing equipment, the software and equipment upgrades for the two (2) Pharmacy 2000® workflow management systems with twenty-four (24) workstations and the four (4) Autoscript III® robotic prescription delivery systems owned by Stroger Hospital of Cook County and the Fantus Health Center.

Justification for this contract:

Parata Systems, LLC is the manufacturer of the existing proprietary equipment and the only authorized service representative to provide the new software and equipment upgrades for the Pharmacy 2000® workflow management systems and the Autoscript III robotic prescription delivery systems. The software and equipment version currently being used is no longer being manufactured or fully maintained by the manufacturer Parata Systems and is in need of an upgrade. This equipment currently assists in the filling of prescriptions at these two outpatient pharmacies. Comparison of cost to upgrade various items instead of purchase all new equipment will realize a total savings of \$530,000.00. These savings will be achieved by not replacing the current prescription scanning and workflow management devices (\$250,000.00 value). These older units will be upgraded and included with the new maintenance agreement if any problems do occur. In addition, older mechanical equipment that can no longer be upgraded will be traded in to Parata and salvaged for parts (\$320,000.00 value).

Cost of the contract and terms:

This is a one-time capital purchase contract. The total anticipated cost of the contract is \$983,955.00, based upon the equipment and software upgrades, with trade-in of obsolete equipment,

Budget information:

The cost for this contract has been appropriated within the capital budget of 2008 for Medical, Dental and Laboratory Equipment (717/890-540 Account). Requisition No. 88904017.

Signatures:

Margin 30+68%

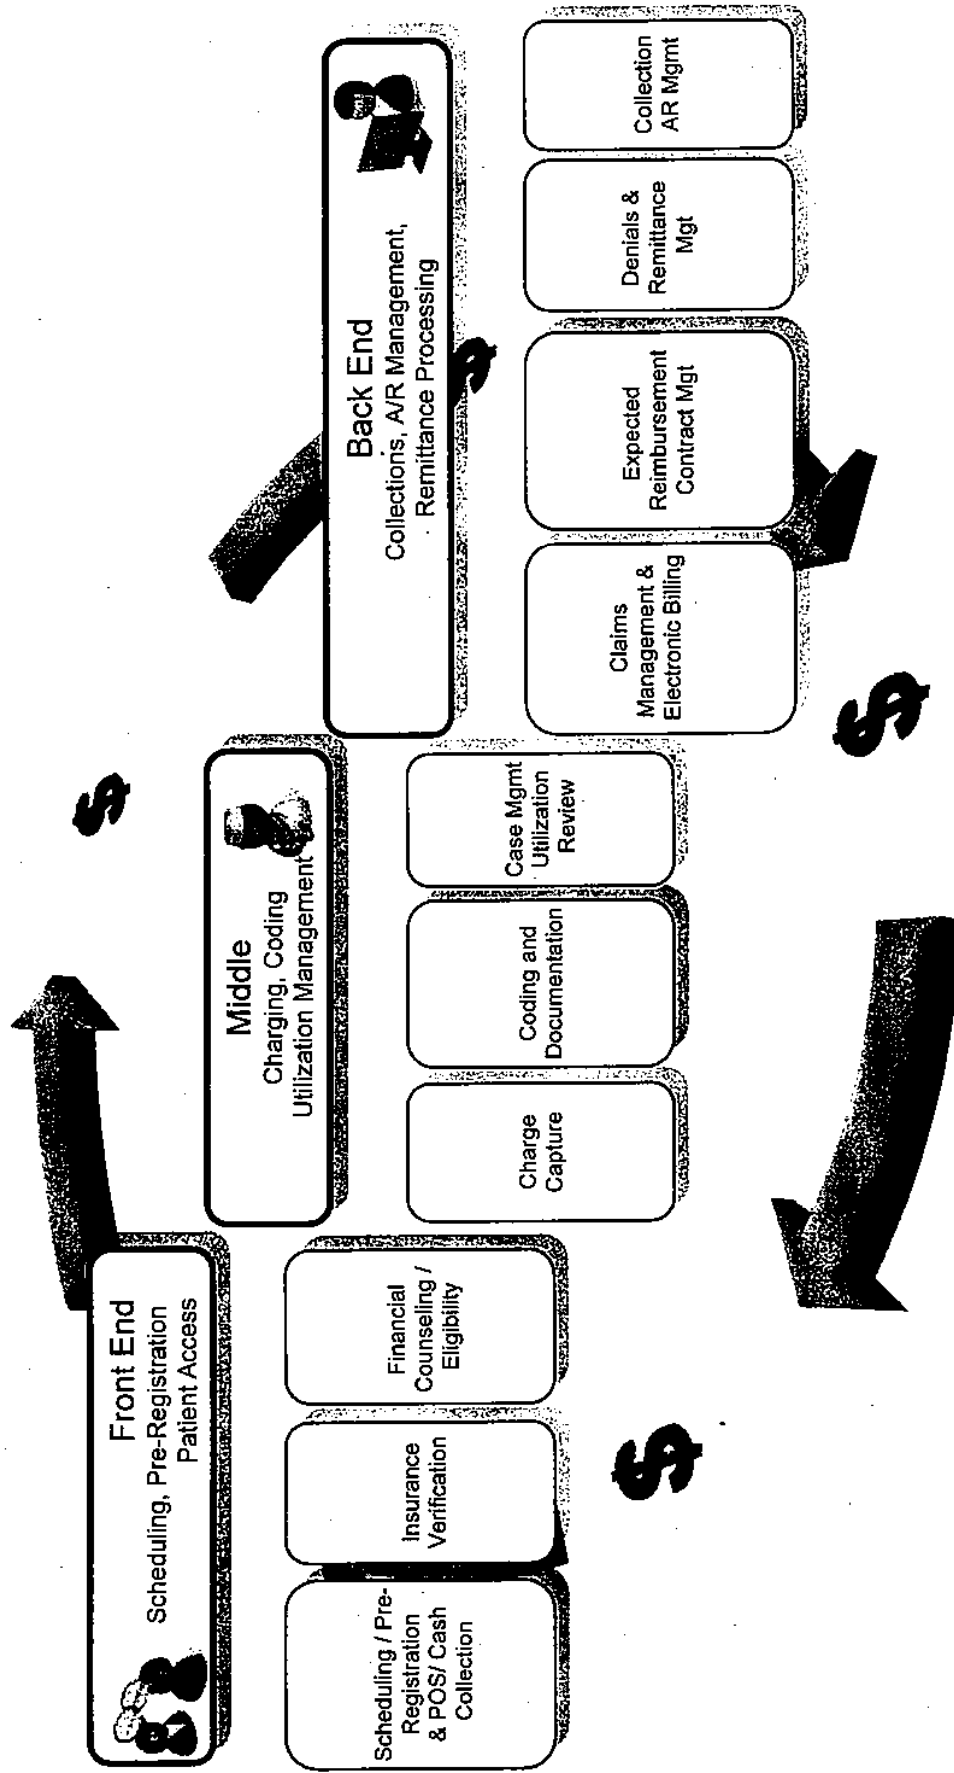

Agenda

- Introductions and Objectives
- Revenue Cycle Overview
- Revenue Cycle Initiative Status Update by Functional Area
 - Organizational Structure
 - Data Integrity
 - Patient Access
 - Financial Counseling (Eligibility & LOL)
 - Patient Accounting
- Next Steps

Introduction and Objectives

- MedAssets Representatives here today
 - Gretchen Ryan – Project Manager
 - Albert De La Cruz – Eligibility Lead
 - Victor Zamora – Patient Access Lead
 - Rob Wright – Executive Project Director
 - Dan James – President, Performance Measurement & Management
- Objective
 - Overview of project status to date with findings, recommendations, actions and timelines

The Revenue Management Overview

A complex environment with many moving parts, touch points, hand offs and players

Contract for Revenue Cycle Re-Engineering

- Three year agreement
- 100% Risk based and fully funded
 - Contingent fee for incremental patient cash above an established baseline
 - Buffer allows receipt of significant incremental funds prior to any cash flows to MedAssets
- Scope
 - Process re-engineering for operational improvement with staff augmentation
 - Assessment Phase
 - Implementation Phase
 - Accounts Receivable acceleration

Status Update

- Revenue Cycle Committee
 - Implemented
- Staff augmentation of Patient Financial Services initiated on site and remotely
- Centralized Pre-Registration of key ancillary service areas imminent
 - MBE/WBE recruitment of staff underway
- Assessment of areas outside of “Rapid Assessment” scope already underway
 - Clinic structure and charge capture assessment
 - Case management

Status Update

- **Rapid assessment of key areas of the revenue cycle**
 - Patient Access, Patient Financial Services, Financial Counseling
 - Complete with ongoing opportunity quantification
- **Implementation of key Patient Financial Services opportunities (examples)**
 - Claims with Medicaid eligibility obtained but not billed
 - Claims missing Hysterectomy/sterilization forms
 - Claims missing spend down documentation
 - Claims missing Medicare required Dialysis information
 - Claims in NEBO hold missing diagnosis

Next Steps

- Deployment of Pre-Registration process
- Migration of off site Patient Financial Services augmentation to on-site location as additional qualified personnel are secured
- Assessment of Health Information Management “Medical Records Department”
- Technology deficit assessment

Thank You to Management, Staff and Physician Community

- Cooperation has been excellent and enthusiastic
- Many innovative ideas are being proffered
